

## Registers of right-wing extremist, racist and discriminatory incidents in Friedrichshain-Kreuzberg

We collect racist, right-wing, homophobic or similar discriminatory incidents such as bullying, graffiti, threats, attacks - in school, in the supermarket, at the pub or in public transport.

We inform about everyday racism and support civic participation. The more people know about the register and report incidents, the more sophisticated is the documented image.

Therefore: **Report us your observations!**

We need day, time, location and a brief description of the incident.

**Support us so that in our district all people can live  
free from fear!**
